Early California fiesta days were revived when Spanish dancers and musicians serenaded the Governor during his visit to Dana Point.

J. P. Baumgartner Highway Commissioner

UNDER the auspices of the Orange County Coast Association, Governor C. C. Young of California, accompanied by a large group of Southern California notables, opened the new Roosevelt Coast Highway through Dana Point with elaborate ceremonies. This occasion marks the first step in what, the Governor said, is to be the eventual completion of a fifty-six-foot paved highway the entire length of the California Coast, and that this improvement meant the development of an American Riviera

GOVERNOR C. C. YOUNG Predicts Brilliant Future for DANA POINT and the South Coast

conclusion of his talk threw on the electric switch that turned on the system of ornamental street lights, flooding the community of Dana Point with light from the unique ships' lantern ornamental lights that have been installed.

between San Diego and Long Beach. In his remarks the Governor predicted that in ten years the entire south coast would be dotted with beautiful homes. He praised the community, which promises to become the foremost watering place of America, for its progress and at the
