

WE MEET ON FRIDAYS

**THE ROTARY CLUB OF LAGUNA BEACH**

LAGUNA BEACH, CALIFORNIA

August 29, 1966

Dear Future Rotarians:

Congratulations on making it! From our vantage point as we view this atomic age and all its awesome aspects, question arises in our minds whether this document will ever be read.

Be that as it may - we, the ninety-seven members of the Rotary Club of Laguna Beach, look with wonder and amazement upon the fantastic advancements of our time which so rapidly become obsolete. So with tongue in cheek we realize that we are but infants crawling as we make our first steps into space compared to your travels into the unlimited reaches of the universe.

As of the moment Laguna Beach has just completed the 31st showing of the Pageant of the Masters during our annual Festival of Arts to which over 350,000 people from all parts of the world came to view our local townspeople depict many works of Art by the Masters of our past. This Pageant is of such profound beauty that it is our fondest hope it will endure to your time that you too may view it with pleasure and rebequeath it to the future.

In all things may God's blessings and love be showered upon your era.

Macauley Ropp  
President,  
Rotary Club of Laguna Beach
